[1] As part of the release of Summary File 2 (SF2) data, the Census Bureau released quick-table P1 for 38 states between December 15, 2011 and April 5, 2012. Some of the data cells in these tables were found to be erroneous (the percentages of the both sexes, male, and female population shown for ages 16 years and over, 18 years and over, 21 years and over, 60 years and over, 62 years and over, 67 years and over, and 75 years and over). The tables were removed on April 9, 2012, and the data cells were corrected and re-released on April 26, 2012.
